

Abril Ríos

Product | UI/UX Designer

Mexico · [linkedin.com/in/abril-rios-06301a201](https://www.linkedin.com/in/abril-rios-06301a201) · abrilre.github.io/Portfolio-Product-Design-2026

Profile

Product Designer with 4 years of experience designing user-centered digital products with business impact. Experienced in collaborating with cross-functional teams to analyze and simplify complex requirements, transforming them into intuitive, scalable experiences. Combines UX, visual design, and analytical thinking with a background in Computer Engineering, bridging the gap between product design and technical implementation.

Experience

Product / UI/UX Designer

June 2022 – June 2026

XID Digital Services, Mexico

- Led the UX strategy and visual identity for a new financial SaaS platform, from initial discovery and competitive benchmarking through development.
- Designed scalable design systems, high-fidelity interfaces, responsive experiences, and interactive prototypes in Figma, collaborating with Engineering through design handoff to ensure accurate implementation across enterprise and B2B products.
- Partnered directly with Product Managers, stakeholders, and Engineering teams to translate complex business requirements into scalable, development-ready solutions.
- Combined user interviews, behavioral analysis, and product analytics to identify pain points and inform continuous UX improvements across key workflows.
- Redesigned core workflows after analyzing user research and navigation patterns, significantly improving overall navigation efficiency and improving usability across the enterprise platform.
- Planned and prioritized design initiatives across product lifecycles, balancing user needs, business priorities, and technical constraints to support continuous product improvement.
- Evaluated post-launch user experiences through behavioral analysis, user feedback, and product analytics, identifying friction points and opportunities for continuous improvement.
- Collaborated in defining XID's brand identity, visual language, and corporate website, creating graphic assets and illustrations that strengthened product storytelling.
